CLOSET SYSTEMS

- Modules 84" tall, 18"–36" wide; 15", 21" or 24" deep. HIGOLD pull-outs fit the 21" and 24" depths.
- Drawer sections up to 36" wide; hanging sections up to 48" as one cabinet.
- Ceilings up to 96": one-piece tall sections. Above 96": an 84" section with a top box, about 3" below the ceiling.
- About 3" filler at each wall end and a top filler to the ceiling, cut to fit on site.

PANELS AND FILLERS

- Tall fillers 3" or 6" × 96"; wall fillers 3" or 6" in each wall-cabinet height; base fillers 3" or 6".
- Base end panels 34 1/2" high; wall end panels in each wall-cabinet height; tall panels 96" high, 24"–48" wide.
- Closet tall fillers 3" or 6" × 84"; top fillers 6" or 12" high; 4" toe-kick strip.

FINISHES · MORE THAN 90 DOOR COLORS

Matte & high-gloss
Our own flat-panel doors with a combination core and MDF faces, edges banded to match.

PET
PET-faced panels that resist scratches, UV light and fading; many colors in both gloss and matte.

Wood-grain & textured
Wood-grain and textured decor panels for a natural, tactile look.

The same doors run through kitchen, bath, laundry and closet. Colors on screen and in print are a guide; approve a finish on a physical sample.

DETAILS FOR A MINIMAL LOOK

Finger-pull edges · push-to-open doors and drawers · lift-up wall doors · aluminum-frame glass doors, clear or tinted · LED grooves routed at the factory (lights supplied separately) · flush toe kicks and finished side panels.
