5–7 business days
Typical production once the deposit or payment is confirmed

Phased delivery
Scheduled to follow your build sequence

Packed by unit
Each apartment's cabinets packed together

CONSTRUCTION

- **Frameless (European-style) boxes** with full-overlay doors and hinges mounted inside the cabinet side.
- **3/4" (18 mm) box panels** and a full 3/4" (18 mm) back that screws straight to the wall studs. No hanging rail to install.
- **Shipped fully assembled.**
- **Toe kick:** 4.5" standard on base and tall cabinets; flush toe kick, loose toe-kick box or adjustable legs available per cabinet.
- **Built to the plans:** width, height and depth can be changed cabinet by cabinet. Every cabinet is built to the dimensions on the confirmed order.

STANDARD SIZE RANGES

Cabinet	Widths	Heights	Depth
Base cabinets	9"–36"	34 1/2" (incl. 4.5" toe kick)	24"
Wall cabinets	9"–36"	30", 36", 39", 42"	12"
Tall cabinets (pantry, oven)	12"–36"	84", 90", 93", 96"	24"
Bathroom vanities	9"–36"	32" floor-standing; 18", 24" floating	21"
Closet modules	18"–36"	84"	15", 21", 24"

Standard widths step in 3" increments. Full size charts by cabinet type are in our Designer Quick Reference and in the dealer portal.

DELIVERY AND SCHEDULING

- **Phased delivery.** Deliveries follow the build sequence (by floor, by building or by phase), so the site is not storing a whole building's cabinets.
- **Packed by unit.** Each apartment's cabinets are packed together, so crews unload and install one unit at a time.
- **Lead time.** Most orders are made in 5–7 business days once the deposit or payment is confirmed. The estimated ship date shows on every order.
- **Service area.** Within 100 miles of Vineland, NJ, delivered to the jobsite, or picked up at our Vineland factory. Farther out? Contact us.

RECEIVING AND STORAGE

- Check each delivery against the packing slip: cabinets, doors, panels, fillers, toe kicks and hardware.
- Report damage or shortages within 48 hours, with a photo, so the part can be sent.
- Store cabinets indoors, flat, dry and covered, out of direct sunlight.
- Keep the space between 50 and 85°F and 30 to 55% relative humidity, and let cabinets sit 24 hours in the room before installing.

WARRANTY

Rental and commercial: 12 months

Cabinets and vanities in rental units, or bought by landlords, leasing companies or other commercial purchasers: 12-month limited warranty against defects in material and workmanship.

Owner-occupied homes: 5 years

Homes built or remodeled for owner-occupants: 5-year limited warranty for the original owner.

Labor and shipping are not covered. Claims go through the dealer or contractor who supplied the cabinets, with photos and the order number. Write the warranty that applies into your contract; full terms are on our website's warranty page.

WHAT TO SEND FOR A QUOTE

- Floor plans or cabinet elevations for each unit type (PDF is fine)
- Number of units of each type, and any mirrored versions
- Door color and finish, or ask us to help you choose
- Target delivery dates and phases
- Jobsite address

BEFORE YOU SIGN

- Unit types and counts confirmed against the latest drawings
- Field dimensions confirmed by the project team
- Door finish approved on a physical sample
- Delivery phases agreed, with a site contact for each delivery
- Dry, climate-controlled storage on site

ONE FACTORY, EVERY ROOM

Kitchens, bathroom vanities, laundry and closet cabinets use the same doors and finishes, so every room in an apartment matches. Closet modules come 15", 21" or 24" deep, with HIGOLD pull-outs available in the 21" and 24" depths.

Bidding a project?

Send your plans and unit counts and we'll come back with a quote.
